

## Scoring for BLPG EQA, Round 13

(Any cases with less than 80% consensus would be excluded from scoring).

### **CASE 1**

This case had 114 responses

#### **Submitted diagnosis:**

Nodular Lymphocyte Predominance Hodgkin Lymphoma

#### **Agreed diagnosis:**

Nodular Lymphocyte Predominance Hodgkin Lymphoma

#### **Result:**

Correct 108 (including NLPHL pattern E and TCRBCL- like pattern)

Incorrect: 6 (Reactive, ALL, TCRBCL, EBV-driven lymphoma)

#### **COMMENTS:**

None.

### **CASE 2**

This case had 113 responses

#### **Submitted diagnosis:**

Hyaline Vascular Castleman Disease

#### **Agreed diagnosis:**

Hyaline Vascular Castleman Disease

#### **Result:**

Correct: 105

Incorrect: 8 (including: marginal zone lymphoma, reactive no mention of CD, CD plasma cell variant or no response).

**COMMENTS:** It was felt that the case showed typical features of the condition.

### **CASE 3**

This case had 114 responses

#### **Submitted diagnosis:**

Follicular Lymphoma, follicular (~25%) and diffuse (75%) pattern, grade 2; focal grade 3a in follicular component.

**Agreed diagnosis:**

Follicular Lymphoma, follicular (~25%) and diffuse (75%) pattern, grade 2 and grade 3a in follicular and diffuse components. This finding can be interpreted as DLBCL. Therefore all responses including FL grade 2 and 3a and DLBCL have been accepted as 'correct'.

**Result:**

Correct: 103

Incorrect: 11 (including: DLBCL and High grade B-cell lymphoma, NOS without mention of the FL component).

**COMMENTS:**

None

**CASE 4**

This case had 113 responses

**Submitted diagnosis:**

T-cell/Histiocyte Rich Large B cell Lymphoma.

**Agreed diagnosis:**

T-cell/Histiocyte Rich Large B cell Lymphoma, as variant of DLBCL.

**Result:**

Correct: 112

Incorrect: 1 (T cell lymphoma, helper cell phenotype).

**COMMENTS:**

None.

**CASE 5**

This case had 113 responses

**Submitted diagnosis:**

Lymphoplasmacytic Lymphoma

**Agreed diagnosis:**

Lymphoplasmacytic Lymphoma. It was agreed to accept as correct all the 'marginal zone lymphoma' responses.

**Result:**

Correct: 103

Incorrect: 10 (including: DLBCL, Primary DLBCL of CNS, no response)

**COMMENTS:** None

**CASE 6**

This case had 113 responses

**Submitted diagnosis:**

Mantle Cell Lymphoma

**Agreed diagnosis:**

Mantle Cell Lymphoma, including blastoid variant.

**Result:**

Correct: 113

**COMMENTS:**

None

**OPTIONAL CASES**

**CASE 7**

This case had 82 responses

**Submitted diagnosis:**

Bone marrow involvement by Follicular Lymphoma

**Agreed diagnosis:**

Bone marrow involvement by Follicular Lymphoma

**Result:**

Correct: 81

No response 1

**COMMENTS:**

None

**CASE 8**

This case had 79 responses

**Submitted diagnosis:**

MDS-EB 2 in hypocellular marrow with no fibrosis

**Agreed diagnosis:**

MDS-EB 2

**Result:**

Correct: 74

Incorrect: 5 (AML).

**COMMENTS:**

None
